- ELECTRICAL CONNECTION: MAINS PLUG 120-240V

INTERIOR → Tasklight → BookLED

BookLED is a minimalist supplement to your ambient office lighting. Its slim profile of just 18mm makes it a discreet addition to your desk furniture, allowing the light to take precedence. 6 high-power LEDs with lensed optics provide warm, glare-free light at a very low wattage. The switch is integrated into the luminaire housing, which can be adjusted manually to direct the light where it is needed.

BookLED complements all GREENBUILDING concepts.

Tasklight → BookLED

6 x 1.2W

WHITE LEDs

SX 290-546-1

High performance:

\bar{E} = 1800lx on a 300mm x 300mm working plane while adhering to all uniformity requirements laid down in DIN 5035-8.

Also available on request for \bar{E} = 600lx for a 600mm x 600mm working plane.

Design: **NOA**
